

# AMT/IA Renewal Seminar: Defensive Airport Navigation and AMT Stress

Airport surface deviations involving aviation maintenance technicians (AMT's) or other airport personnel are very serious. This briefing will examine causes as well as practical mitigation strategies. Also, don't miss Part 2 of the Dirty Dozen featuring: Lack of Resources, Pressure, Lack of Assertiveness, Stress, Lack of Awareness and Norms. Learn practical tools to avoid incidents and accidents in the AMT work place.

**Directions:** From I-40 W, Exit 211 Gallimore Dairy Rd. Go N. on Gallimore, right on W Market St., left on N. Chimney Rock Rd., left on Radar Rd.

## A message from the National FAASTeam Manager

The new WINGS—Pilot Proficiency Program is great! Check it out now!  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
